## DIGITAL DISCOVERY: THE NEW BMW BROCHURES APP.

More information, more driving pleasure: The new BMW brochures app offers you a brand new digital and interactive BMW experience. Download the BMW brochures app for your smartphone or tablet now and explore new perspectives of your BMW.

Let's talk about courage,  
and why we need it more than ever.

Courage is independent and disruptive.  
Courage questions, shatters and awakens.

We need bold, courageous voices.  
All of us.

We need fresh thinkers with optimism.  
Daring dreamers who don't accept  
"No" for an answer.

We believe in the frontrunners.  
The intellectual elite, the avantgarde.  
Those who fight stagnation and backwardness.

Well, courage only knows forward.  
Driving the pioneers of our culture  
to inspire tomorrow.  
To create a sublime kind of new.  
Reaching a superior level of excellence.

This is where  
a new kind of luxury is born,  
in brave ideas, in the confidence  
to speak out loud.  
Even if nobody asks for it.

WHEN SIZE GETS SPACE,  
UNIQUE THINGS CAN ARISE

IF CURIOSITY MEETS EXPERIENCE AND AMBITION  
MEETS PERFECTION, AN INSIGHT IS REFLECTED:  
PRESENCE IS A MATTER OF APPEAL.

SOMETIMES YOU HAVE TO CHANGE PERSPECTIVE  
TO REALISE: PERSONALITY SURPASSES EVERYTHING.

SPATIAL THINKING IS A SKILL. TO SEE A SPACE AS A LIVING SPACE, AN ART. TO TAKE TO THIS SPACE, REAL FREEDOM.

SOMETIMES YOU WANT TO CREATE SOMETHING  
EXTRAORDINARY, SOMETIMES YOU WANT TO  
EXPERIENCE SOMETHING EXTRAORDINARY. IN ANY CASE,  
THE MOMENT BECOMES SOMETHING SPECIAL

The image shows the interior of a car, focusing on the front and rear seats. The seats are upholstered in a dark blue or black leather with a prominent quilted pattern. The headrests are a contrasting light cream or off-white color. The car's interior is well-lit, with sunlight streaming in from the windows, creating strong highlights and shadows on the seats and the surrounding cabin. The overall aesthetic is one of luxury and high-quality craftsmanship.

YOU DON'T REMEMBER THE ORDINARY.  
UNIQUE THINGS FASCINATE YOU EVEN AT  
THE THOUSANDTH ENCOUNTER.

CHARACTER STRENGTH. PERSONALITY. CHARISMA.  
THOSE WHO HAVE IT DO NOT NEED TO PROVE IT.  
WHOEVER MEETS IT RECOGNISES IT IMMEDIATELY.

# “LUXURY MUST AROUSE EMOTIONS.”

Searching and finding modern perfection: Adrian van Hooydonk, chief designer at the BMW Group, on the new appearance in the segment of the most exclusive vehicles.

The models under the name Bayerische Motoren Werke open up a new world within the BMW portfolio. What is your idea of contemporary luxury?

We do not want to tell our customers how they should define luxury for themselves, but just want to make an attractive, diverse offer. The perception of luxury is very different worldwide. But a central aspect that becomes visible everywhere is the increasing significance of personal time. It is becoming the most valuable asset in a globalised world.

How is the wish for perfection and refinement expressed in mobility?

In today's mobile world, we spend more and more time in various modes of transport. Cars are now like personal rooms on wheels. One wants to feel completely comfortable in them. A steering wheel that you touch, the materials that

surround you have to feel perfect and the eye does not want to be disturbed by unclear lines or individual components. The interior of a vehicle is seen as a living space. It is about being surrounded by the highest possible sensuous quality.

What is the biggest challenge in the external appearance?

Luxury must be reflected to the outside world in a matter-of-fact way. In English there is a beautiful term for it: sophistication. For designers – our team has more than 700 employees at four locations worldwide, who are encouraged through constant competition with each other in terms of ideas – this means that every detail counts. The design has to arouse strong emotions while expressing the highest quality and durability at the same time. In order to be able to spend every moment intensely, full of meaning and beauty. Therefore, we are building a luxury ecosystem, a model family. In various forms of expression: contemporary saloons, elegant and very sporty coupés, but also vehicles that offer very luxurious space.

In the new designs, a common factor is noticeable: the reduction of lines. Do you want to increase luxury by making luxury less apparent in the design?

In this way, the design becomes clearer, more modern and more emotional. An expressive surface play is in the foreground, and the dynamics are emphasised even more than before by the vehicle body. The few but very precise vehicle lines underline the graphic design of the surfaces. The vehicle body looks more powerful, refined and luscious with the lavish surfaces without losing the sportiness that is typical to BMW. This is possible only because we work out every feature of a vehicle individually. For a BMW, one should be able to identify at first glance what kind of experience one would have with it. Especially in our large and particularly luxurious vehicles, we attach great importance to a marked appearance and the maximum possible feel-good factor in the interior. It's about freedom – and the feeling of being at home in a BMW.

## IMPRESSIVE. EXPRESSIVE. UNMISTAKABLY X.

Overwhelming presence, precise simplicity and discreet glamour. With its symphony of shapes, surfaces and lines, the exterior design of the BMW X7 is a work of art that combines confidence, superiority and sheer presence with sporty elegance. With its imposing upright silhouette, the front already sets an example of power and dominance that can hardly be tamed. The heart is the large, opulent kidney grille. A play of striking lines and generous surfaces characterises the athletic, modern side view just as much as refined design elements. And the rear also shows determination and superiority. With the first BMW X7, a spectacular appearance always succeeds.

### FOCUSED EXPRESSIVENESS FOR MAXIMUM SECURITY: THE BMW LASERLIGHT.

Great personalities are characterised by a striking look. The dynamically contoured, hexagonal full-LED headlights with adaptive bend lighting lend the BMW X7 unique expressiveness. Visually highlighted by blue accent clasps and the “BMW Laser” lettering, the BMW Laserlight<sup>1</sup> provides additional driving comfort with a range of up to 600 m in high beam mode.

THE SUMP GUARD INTEGRATED INTO THE FRONT APRON IS  
DESIGNED IN ALUMINIUM SATINATED<sup>1,2</sup> AND AT THE SAME TIME  
LOOKS LUXURIOUS AND FUNCTIONAL.

### A STATEMENT THAT ATTRACTS EVERYONE'S ATTENTION: THE LARGE, UPRIGHT BMW KIDNEY GRILLE.

The large, emphatically vertical kidney grille forms the heart of the impressive front design. Its massive presence stands in charming contrast to the very slim front headlights. Both kidney grille elements are connected to form a monolithic unit – the largest double kidney grille in the BMW range.

### GLOSS-LATHED EYE-CATCHING MAGNET: THE ELEGANT WHEEL DESIGN.

At 21 inches, the light alloy wheels Y-spoke style 753 are among the largest wheels in the portfolio and thus radiate an unmistakable presence in the side perspective. In Bi-colour Orbit Grey and gloss-lathed, they look particularly noble.

JACEK FRÖHLICH,  
HEAD OF TOP-CLASS DESIGN, BMW

HADI TEHERANI  
ARCHITECT AND DESIGNER

## ON THE ART OF SHOWING TRUE GREATNESS.

A CONVERSATION ABOUT LUXURY, SPACE FEELING AND THE FIRST BMW X7 – WITH THE HEAD OF TOP-CLASS DESIGN AT BMW JACEK FRÖHLICH AND STAR ARCHITECT HADI TEHERANI.

Mr. Fröhlich, mr. Teherani, how is exciting design created?

**Fröhlich:** The proportions play a very important role – in design there must always be the question of how the bigger picture fits together, how everything is perfectly coordinated. Only then do the lines and materials that give the vehicle its form and character traits such as dynamism, tranquillity, casualness or luxury come into play.

**Teherani:** To make a room work, you have to stage it. And here we have many possibilities to say what we want to express. As an architect, for example, I choose a vehicle according to how the model affects me from the inside. I need to feel comfortable and have an overview of the bigger picture.

How can spaciousness be staged that looks elegant and sophisticated at the same time?

**Teherani:** Just as a philosopher expresses himself through words and writing, we can do this through spaces. Quite an extreme example: When you enter a cathedral, the height and size of the room suggest something. The individual should feel small and be impressed by the omnipotence.

**Fröhlich:** In automotive design, this is a fine line, because we naturally want to create something new and exciting. We want to arouse enthusiasm. And size is an important factor here. The real art is to never make the mistake of promising more from the outside than we can deliver in the interior. If you take a look at the BMW X7, you can see a high driver's cab on the outside, which suggests an extraordinary amount of space inside. A promise we'll keep.

**Teherani:** And then it's the details that make a large room seem really pleasant. You can direct things the way you need them through proportions and details.

What should people feel when they enter the BMW X7?

**Teherani:** Depending on the design, a room like a car can embrace or reject you. And when you're in a vehicle, you want to feel safe.

**Fröhlich:** I find spaciousness itself fascinating. The interior of the BMW X7, for example, is not only tailored to the driver, but also offers undreamt-of space for all occupants, and this space is intended to arouse certain emotions through its aesthetics and equipment. In the interior, we enclose the passengers by running a continuous line from front to back. This gives the occupants the feeling of being embraced, which is very evident in the cockpit, for example. And that creates a feeling of freedom and security at the same time.

**Teherani:** In architecture, we say: Space is luxury. The larger the room, the more luxury is possible. You might get by with less space, but generosity is a beautiful feeling that we can create with our work. It's a desirable form of luxury.

Is it easier to design something very big or something small?

**Fröhlich:** As an automotive designer, I am confronted with the challenge that everything always changes proportionally – apart from people. The challenge is therefore always to give a specific space the right impetus. The requirements for the design process are independent of the size – but a larger space offers more possibilities. For the designer. And finally for the customer.

**Teherani:** It is very similar in architecture. Of course, we are working with extremely large dimensions when, for example, we develop a train station that is 700 metres long. The attraction, however, always lies in finding a solution at that moment – no matter whether you are designing something small or something very big.

## LUXURY TRAVELS.

MORE ROOM FOR PERFECTION:  
A BRIEF LOOK AT THE FUTURE OF  
PERFECT TRAVEL – IN THE BMW X7.

Luxury knows no boundaries. But it is only when travelling that it becomes apparent whether luxury concepts meet their high standards. The most important parameters for travellers have always remained the same: maximum intimacy, effortless comfort and groundbreaking speed. A journey is only perceived as a pleasure when it is fast, pleasant, every moment is special – and a maximum of private space is available. This basic principle runs through the history of demanding travel, from luxury trains and yachts to private jets and spacious cars. Speed is increasingly smartly influenced by autonomous systems, while privacy and comfort are becoming increasingly important in the art of pleasurable travel. The overall result: We experience new, perfectly shaped ways in vehicle construction.

In terms of exterior perception, the BMW X7 does what many supposed luxury concepts fail to do: Distinction through presence. The largest kidney grille in the range makes a statement. The interior opens up completely new perspectives, and the combination of refinement and comfort becomes a unique selling point. Excellence meets generosity, experienced through enormous leg and headroom and a unique space offer, with space for up to six seats guarantee even more privacy on two individual comfort seats in the second row.

And they enable completely new perspectives – from the starry sky of the Sky Lounge1 to the Panorama glass roof, which creates a feeling of space flooded with light that jet manufacturers can only dream of. Because the most important thing when travelling – and this is often forgotten – is neither arriving nor the way. It is the awareness that you never have to limit yourself in your perception. This is the true luxury of travelling.

The happiness of perfect comfort makes every moment and every longer journey special. The equipment makes the difference. A Bowers & Wilkins Diamond surround sound system1 with 20 speakers creates a 3D sound experience that delivers its full resonance even in large spaces. In the interior, a finely tuned ambient light creates its own atmosphere while the Rear-seat entertainment Professional with two 10.2" displays allows the rear passengers to watch films independently of each other or offers the charming idea of e.g. sharing a blockbuster in theatre mode with the next seat neighbour. That is distinction par excellence. Luxury standards are shifting, and completely new comfort zones are being discovered.

## STRIVING FOR EXCELLENCE.

The BMW X7 allows a fresh look while being on the move. And sets a new standard for luxury. Namely, the question whether every single moment is really a pleasure. Without making a difference whether the pleasure comes from the experience of the surroundings – or from the comfort inside the vehicle. We discover the maximum appreciation of the moment. And a new form of travel.

ALWAYS THE BEST SEATS: TWO INDIVIDUAL SEATS IN THE SECOND ROW OF SEATS.

Six seats – and each one is the best place: If you choose the 6-seater configuration of the first BMW X7, you will find two individual comfort seats in the second row. This allows you to enjoy numerous advantages: The two seats offer two travellers not only the greatest possible privacy, but also maximum seating comfort: Lean back on the comfort cushion in the headrest, place your arm on the armrest in the middle and let the landscape pass by. An additional plus: The two individual seats make access to the third row of seats even quicker and more comfortable – for maximum flexibility in every situation. In the BMW X7 you will always be sitting in the best seats.

A FEAST FOR THE EYES: THE DYNAMIC INTERIOR LIGHTING.

The dynamic interior lighting immerses the interior in an unparalleled atmosphere that combines the best of ambient, indirect lighting with highlights. Numerous LEDs and optical fibres can be controlled in several adjustable colours. When entering and exiting or during events such as a telephone call, preconfigured, dynamic lighting effects create an eye-catching visual experience through the harmonious interaction of all lighting elements.

## THE MOST BEAUTIFUL LUXURY: FREE SPACE.

The luxury of space and freedom: In the BMW X7, every journey is a moving moment – even when stationary. Be it the refined cockpit, the individual seats in the second row or the comfortable third row, which can be steered like a functional ballet – you always have the best seat. Like a piece of jewellery, precious materials lie on sophisticated sculptural forms and crown the interior. Combined with an infinite amount of space, the interior is the soul of the unique work of art that is the BMW X7.

POLISHED HAUTE COUTURE: THE GLASS APPLICATION 'CRAFTED CLARITY'.

The hand-crafted glass applications are an experience for the hands and the eyes: They set high-quality highlights on selected control elements such as the gear selector, the Start-Stop button, the iDrive Controller or the volume control, which further add to the already noble ambience.

JUST THE RIGHT LEVEL:  
THE ADAPTIVE 2-AXLE AIR SUSPENSION.

Unsurpassed comfort with maximum dynamics – the Adaptive 2-axle air suspension including the adaptively controlled shock absorber system combines both. Like a conductor, the air suspension keeps the vehicle at a constant height regardless of the load. The vehicle automatically lowers at higher speeds, reducing drag and fuel consumption. Be it lowering for more driving dynamics or an elevation for off-road use – by means of a toggle switch in the centre console, five different height levels can be conveniently selected within an adjustment range of 80 mm.

BACKWARDS AS EASY AS FORWARDS:  
THE REVERSING ASSISTANT.

Be it a driveway or a mountain pass: Reversing can sometimes become a real challenge. Here it's reassuring to have an all-knowing assistant with you. The Reversing Assistant relieves you of this unpleasant task: It stores the last 50 m of the driven path when driving up to 35 km/h. If you want to reverse, it takes over the steering and you can fully concentrate on monitoring the vehicle surroundings. Even narrow or winding roads and parking or manoeuvring situations lose their horror.

## THIS IS HOW EXCELLENCE IS DRIVEN.

A driving experience in a BMW is always extraordinary – and the first BMW X7 sets a new standard for this: Equally comfortable, fascinatingly luxurious and excitingly dynamic, this is an impressive example of what happens when technological visions become reality.

The intelligent assistants of BMW Personal CoPilot are available for every vehicle of the Bayerische Motoren Werke. These support you in all driving situations and increase safety and comfort. In this way, you ensure that you can look forward in a relaxed manner and devote yourself to the most important thing: sheer driving pleasure. Today, tomorrow and also in the future: The driver assistance systems in a vehicle from the Bayerische Motoren Werke define what is technically feasible – and as a reliable companion, ensure that you master every challenge with confidence.

FOUR WORLDS, NO COMPROMISES:  
THE xOFFROAD PACKAGE.

No matter what terrain – the xOffroad package enables maximum traction and absolute safety on all roads. It is operated conveniently via the xOffroad Driving Experience Control and allows the selection between the modes xSand, xRocks, xGravel and xSnow. Depending on the selected surface, the transmission characteristics are adapted and, together with the mechanical differential lock, ensure uniquely superior and controlled handling even on challenging terrain. A specific display in the instrument cluster and in the Control Display provides additional information, and a sump guard at the front ensures the necessary functionality. The xOffroad package therefore combines design, form and functionality in a special way so that every voyage of discovery is both safe and uniquely exciting.

## EMOTION EXPRESSED AS INNOVATION.

Thoughts were born, ideas thought through  
and know-how taken to the extreme.  
Innovative technologies were developed,  
comfort and efficiency enhanced and  
performance levels increased. But all this  
was not done to put knowledge, ability  
and pioneering spirit in the foreground –  
but to make this one, special feeling  
even more tangible: Driving pleasure.  
Technology becomes emotion –  
Bayerische Motoren Werke.

# CONNECTED DOWN TO THE SMALLEST DETAIL.

## CONNECTIVITY AND INFOTAINMENT

### WIRELESSLY CONNECTED IN THE BEST WAY: TELEPHONY WITH WIRELESS CHARGING.

Your digital world, integrated into your BMW X7: Not only wireless charging becomes very easy thanks to the integrated wireless charging dock. You can also connect up to two mobile phones and a mobile audio player to your vehicle via Bluetooth – and transfer contact photos from the address book and SMS messages to the Control Display. But even conversations are getting better: A second microphone provides ideal hands-free quality for you and your front passenger and helps to effectively eliminate noise from the front passenger and rear passenger areas.<sup>1</sup>

<sup>1</sup> Inductive charging for Qi-compatible mobile phones is possible. Special charging cases are available from Original BMW Accessories for selected smartphones that do not support Qi inductive charging.

### INNOVATIVE INFORMATION: BMW LIVE COCKPIT PROFESSIONAL WITH INNOVATIVE OPERATING CONCEPT.

The innovative BMW Live Cockpit Professional with a learning navigation system is a new highlight of BMW's typical driver orientation. All information is displayed in an appealing manner on the display network consisting of a Control Display and an instrument display. Thanks to the individually configurable operating concept of the BMW Operating System 7.0, an even more intuitive operation via gestures, speech, touch screen and iDrive control is possible. With the enhanced functionality of the controller, all menu can be selected directly and the whole system can be configured according to personal preferences.

To stand above it all and yet stay completely connected with your world: When it comes to connectivity and infotainment, Bayerische Motoren Werke does not want to follow any trends, but set standards. With BMW ConnectedDrive, you are optimally connected wherever you are, and you have access to the full range of communication, information and entertainment at any time. In addition, the personal mobility assistant BMW Connected also accompanies you on your smartphone outside the vehicle and supports you in your everyday life – because sheer driving pleasure starts long before you get in and does not stop when you get out of the car<sup>1</sup>.

<sup>1</sup> Available when BMW Connected App installed in your smartphone.

### SMOOTHED SOUND FOR PURE SOUND ENJOYMENT: HARMAN KARDON SURROUND SOUND SYSTEM.

The perfect fusion of driving pleasure and a unique sound experience. Be inspired by a world of rich sound and sophisticated design as its embody excellent performance, top quality, extensive individuality and the principle of enjoyment. Every detail of the Harman Kardon surround sound system is precisely tuned to the interior of the respective BMW model. The customized sound system enhances the premium driving feel to create a unique sound experience. The multichannel DSP amplifier with up to 464 watts impresses with distortion-free and high-performance music playback. The bass woofers ensure a powerful bass, true to the original. The surround sound technology transforms stereo recordings into an exhilarating surround sound experience for all passengers – in both front and rear seats. Instruments and voices are reproduced with an impressive wealth of detail and highest level of precision. The result: unparalleled listening enjoyment, as atmospheric and faithful as a live performance.

### THEATRE VISIT IN THE REAR: THE REAR-SEAT ENTERTAINMENT PROFESSIONAL.

A top class entertainment experience also in the rear: Two independently tilt-adjustable, touch-sensitive 10.2" HD displays and audio playback via loudspeakers or the available optional headphones<sup>1</sup> create a real cinema atmosphere on every seat. Thanks to the additional Blu-ray drive in the rear, access to the entertainment functions of the BMW X7 and the option of connecting MP3 players or game consoles via HDMI connection, there's no chance of boredom – no matter how long the journey.

<sup>1</sup> Available as optional equipment, contact your preferred dealer for more information.

# EXPERIENCE WITH ALL YOUR SENSES.

COMFORT AND FUNCTIONALITY

Vehicles from the Bayerische Motoren Werke not only stand for unlimited driving pleasure, but also for particularly sophisticated motoring enjoyment. Everything around you is designed for maximum comfort and maximum functionality. From atmospheric light design when entering the vehicle to perfect sound from the high-end sound systems to the pleasant Multifunction seats: Everything here is designed to turn even an everyday trip into an extraordinary experience.

WELL THOUGHT-OUT RIGHT TO THE END:  
THE AUTOMATIC AIR CONDITIONING WITH  
5-ZONE CONTROL.

Too cold! No, too hot! Do you recognise it? When different people are sitting in a vehicle, their ideas about what temperature feels comfortable can be quite different. But thanks to the automatic air conditioning with 5-zone control, the first BMW X7 is a dream car for every climate. Both the driver and front passenger areas, the left and right sides of the second row of seats and the third row of seats can be tempered according to the respective preferences. Whether pleasantly warm, refreshingly cool or individually in-between – here everyone can find their own comfortable temperature and, thanks to the separate operating option for each area, can also control it themselves.

ALWAYS THE RIGHT DEGREE:  
THE TEMPERATURE-CONTROLLED CUPHOLDERS.

Warming coffee or refreshing water – those on the move will always enjoy their drinks at the right temperature in the first BMW X7. No matter how you like your drink: The temperature-controlled cupholders always serve you the right temperature. They can be cooled or heated separately at the touch of a button. The coloured ambient light also indicates at first glance whether the drinks are being cooled or warmed by means of a noble-looking illumination in red or blue inside the cupholders. So the last sip remains as good as the first even while travelling.

COMFORT FOR THE SENSES:  
AMBIENT AIR PACKAGE.

At the push of a button, the Ambient Air package diffuses a subtle and pleasant fragrance throughout the vehicle interior. In total there are eight different scents available in four fragrance families, all composed exclusively for this vehicle. Two of them can be selected at any one time to be used alternatively in the vehicle. They are kept in a holder in the glove box. The system is designed in such a way that neither moisture nor adhesive can get into lines.

# 4

## ONLY YOUR OWN WAY LEADS TO YOUR OWN GOALS.

Materials – hand crafted,  
exquisite and exclusive. Colours, surfaces  
and shapes as individual as the eyes that  
look upon it. Ideas and expectations are  
met without compromise – and exceeded.  
Emotion is the consequence of design:  
Bayerische Motoren Werke.

# BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

Let yourself be inspired: This artistic design shows an exclusive selection of the material diversity of BMW Individual for the first BMW X7.

## SPACE FOR WHAT IS BEYOND IMAGINATION. AND YOUR IDEAS. THE FIRST BMW X7 – INSPIRED BY BMW INDIVIDUAL.

The BMW X7 already leaves nothing to be desired in the standard equipment. BMW Individual takes you one step further: Even more extraordinary, even more exclusive – the possibilities of BMW Individual are limitless. Whether you choose from particularly high-quality equipment options for the exterior and interior or fulfil your very own dream of your individual BMW X7 – with BMW Individual you have every option open to you. Let yourself be inspired!

For its interior trims, BMW Individual does not only limit itself to the most sophisticated woods from all over the world, it has also perfected their processing. Uncompromising precision during the production process is paramount. Like the BMW Individual fine-wood trim Ash Grain Silver Grey high-gloss it begins with cutting the selected pieces into the desired shapes. These become the actual interior trims, which, during countless process steps, are then sanded, varnished and polished, until their surface, grain structure and hues meet the stringent requirements of BMW Individual.

The BMW Individual extended leather upholstery 'Merino' in Coffee illustrates the claim to excellence of BMW Individual: Only premium quality leather without any surface defects is used, which is not subjected to any artificial embossing or surface treatment during the production process after an elaborate dyeing through barrel pigmentation.

# AN OVERWHELMING APPEARANCE.

CREATED IN AESTHETIC PERFECTION

INCOMPARABLE EXCLUSIVITY: THE BEAUTY OF THE INTERIOR TRIM FINISHERS IN BMW INDIVIDUAL FINE-WOOD TRIM ASH GRAIN SILVER GREY HIGH-GLOSS CREATES AN ENSEMBLE THAT LETS PRECIOUSNESS BE FELT DOWN TO THE SMALLEST DETAIL.

With the selection of BMW Individual extended leather upholstery 'Merino', it creates an ambience whose luxurious impression is unique – just like the interior trim finishers in BMW Individual fine-wood trim Ash Grain Silver Grey high-gloss<sup>1</sup>, which gels harmoniously with the full leather trim and completes the high-quality ensemble.

# WHICH COLOUR GIVES YOU DRIVING PLEASURE?

## EXTERIOR COLOUR WORLD

Phytonic Blue or Black Sapphire? Manhattan or Mineral White? The extroverted metallic colour palette for the first BMW X7 will leave you spoiled for choice. For whichever paintwork you decide: You always choose ground-breaking design and uncompromising dynamics, which prove passion and character.

<sup>1</sup> The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg.

Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

<sup>2</sup> The actual total weight of the trailer must not exceed the maximum trailer load, taking into account the maximum tow bar download.

<sup>3</sup> Electronically limited.

<sup>4</sup> Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2007/715.

Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

<sup>5</sup> The data for fuel consumption, CO<sub>2</sub> emissions and energy consumption are determined in accordance with the measurements processes as defined by European Regulation (EU) 2007/715 in the applicable version. Data refer to a vehicle with base-level equipment in Germany, and the ranges account for differences according to the selected wheel and tyre size and the optional equipment and may change during the configuration process. Figures have been determined on the basis of the new WLTP test cycle and have been converted back into NEDC figures for comparability. [For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO<sub>2</sub> emissions.]

<sup>6</sup> Provisional figures; any missing figures were unavailable at the time of publication.

The models illustrated in this brochure show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may occur after 09/03/2018, the date when this brochure went to press, or according to the specific requirements of other markets. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.
