

# THE M8 GRAN COUPÉ

Fire. To ignite it, one spark is enough. To keep it alive, you need passion. And in order to forge unforgettable memories from its heat, you must be able to control it.

Time. Is relative: long phases sometimes seem like unimportant moments to us afterwards. Other moments are so big and rich and concise that they feel like eternity. The only difference is the feeling that carries you.

Discover. Everyone reaches a point in their lives where they've never been before. The timid will remain cautious. But the brave will accelerate with full force into the unknown and discover new dimensions.
